

~~SECRET~~ CONFIDENTIAL

AREA TRAINING BRANCH:

1. In the ATB a reorganization has been made to afford a more realistic picture than that represented in the previous T/O. Four slots have been added. The changes are as follows. The present T/O calls for the Deputy to be an army representative (IAC). This IAC slot has been moved to what is called the [REDACTED] and becomes the [REDACTED]

25X1A

25X1A

There has been included in this section a medical technician at Grade GS-7 and a Clerk-stenographer at Grade GS-4. Two instructors in this section have been changed from civilian status at Grade GS-12 and GS-11 to IAC positions at the rank respectively of Major and Captain. The Chief, ATB has been raised from Grade GS-14 to GS-15 and the Deputy slot becomes a Grade GS-14. An additional instructor has been added to the [REDACTED] in Grade GS-9.

2. The concept of the Area Training Program has varied considerably from that originally contemplated and for which the original T/O of the Area Training Branch was established. At that time it was visualized that certain training would be conducted by the Area Training Branch in safe houses in the Washington area and that additional training would be provided by inserting these students into organized courses of instruction at military service schools. Later it was considered that the inclusion of QFC students in military service schools was neither feasible nor desirable.

The T/O extensions and revisions of the Area Training Branch considered in this memorandum are necessary in order to effectively carry out this changed training program.

[REDACTED]
Chief, Training Division
